

Strategic Action Agenda: 2005-06

End-of-Year Progress Report – 15 May2006

This document identifies key actions to be undertaken across the College during the 2005-06 academic year to advance the strategic objectives articulated in the *Engaged Liberal Learning: The Plan for Skidmore College 2005-2015*.¹ Some of these steps were identified last year in discussions with the Institutional Planning Committee (IPC²), the Board of Trustees, or other members of the Skidmore community; others originated in the course of the FY '06 budget process. They have been grouped un
a lower priority. In any event, such changes should be kept to a minimum, and any addition or deletion must be consistent with the *Plan*. These decisions will be made in consultation with the IPPC and other groups and individuals as appropriate.

Completing the actions identified below will require the coordinated efforts of many people across the extended Skidmore community; likewise, they all will require some level of administrative guidance or action. Primary responsibility for overseeing each action item is therefore assigned to a senior administrator – typically, though not always, a member of the President’s Cabinet.

In general, these initiatives were scheduled to be completed during the 2005-06 academic year and so provide benchmarks to be used in assessing our progress in implementing the *Plan*. In many instances, however, the actions identified here represent just the first steps in a longer, multi-year process required to achieve an ambitious objective. As we move forward, we must strive continually to balance the values of ambition and patience, decisiveness and collaboration.

This End-of-Year report incorporates the earlier Mid-Year Report; new information has been denoted by an *asterisk*, and many items have been explicitly identified as multi-year initiatives.

Goal IVpage 22.

¹Ongoing routine operations (e.g., budget development, review of faculty, hiring and training of residence life staff), though crucial to the operation of the College, are generally not referenced in this document.
²This year, the IPC has been succeeded by the Institutional Policy and Planning Committee (IPPC).

Goal I – Student Engagement and Academic Achievement

We will challenge every Skidmore student to achieve academic excellence through full engagement with our rich and rigorous educational experience.

Projects/Action Steps

1. Launch new deanships.

Ensure a smooth transition for new Dean of the Faculty and Dean of Special Programs as they enter into the Skidmore community; enable and empower them to

Ø *Increase student academic engagement in the first year.*

4. Implement and support the First-Year Experience initiative.

Provide the initial set of Scribner Seminars for first-year students entering in Fall 2005; develop and implement strategies to provide coherence and engagement for students beyond the first semester such as common readings, spring events; continue to support development of faculty as mentors through workshops, brown bag lunches, pedagogy sessions, etc.; develop New-Student Orientation to reinforce values of engaged learning and responsible citizenship.

Administrative Responsibility: Dean of the Faculty in collaboration with the Director of the First-Year Experience.

*** Achieved:** **F05 implementation of FYE involved 49 Scribner Seminars (including two London). Assessment of F05 FYE seminars and mentoring effort underway with support from Mellon Foundation. Assessment focus is on student satisfaction and student writing. Mellon award obtained that will support faculty development grants and workshops for mentoring and curriculum development in FYE in 06-07 and 07-08. Faculty Development workshop for F05 and F06 faculty conducted in Jan. 06; approximately 50 faculty participated. Residential Clusters are planned for F06 with SS participants living in same dorms. FYE Curriculum Development Workshop planned for May 06.**

5. Ensure appropriate staffing to support First-Year Experience.

Working with departments and the Vice President for Academic Affairs, ensure that new faculty positions are allocated in such a way as to guarantee staffing of course for first three years

Administrative Responsibility: Dean of the Faculty in collaboration with the Vice President for Academic Affairs.

***In progress:** **[Multi-year initiative] 47 seminars identified for 2006 (10 faculty repeating); staffing for seminars has begun to affect other programs; department chairs are aware of need to plan strategically. Staffing for SS for F06 is complete with 49**

with the Dean of the Faculty (DOF) and the science faculty to explore new ways to support external grant procurement. The DOF, in collaboration with the VPAA will

development at the Tang. This item will be a focus of summer work to determine next steps.

23. Over the next five to ten years, enhance the admissions pool and improve yield for science students to make significant progress towards our goal of increasing the number of science majors from its current level of 12% to 25% of our student body.

In the 05-06 academic year complete the following initiatives:

- (Study the relationship of admissions data with ultimate choice of major, focusing especially on science and mathematics majors.
- (Identify feeder schools more likely to send us mathematics and science majors; pay special attention to schools in foreign countries or with significant populations of new immigrants. Develop on-campus programming for such schools and for others likely to become science/mathematics feeder schools.
- (Work with the Dean of the Faculty to make the most efficient use of faculty time in recruitment; engage alumni – and especially recent grads

Support the faculty in the transition from advising to mentoring students, beginning with the Scribner Seminar instructors in the First-Year Experience. Provide opportunities for the faculty to mentor students in the Seminars' flexible fourth credit hour, with support from academic departments and programs. Create an environment in which students develop mentoring relationships with multiple faculty members over the course of four years.

Administrative Responsibility: Dean of the Faculty and the Dean of Studies.

In progress. [Multi-year initiative]

Increase opportunities for mentoring of students by alumni, parents, trustees, et al. Seek ways to involve broader constituencies in mentoring of students – especially as regards choice of career and plans for post-graduate education (e.g., perhaps make this topic a focus of a Board meeting). Develop closer working relationship between Office of Academic Affairs and Advancement to take full advantage of opportunities in the extended Skidmore community.

Explore new ways to bring representatives from academic departments and programs together with Career Services and Alumni Affairs to pursue efforts already underway with such initiatives as the Mellon grant and other initiatives as appropriate.

Increase the early awareness (i.e., awareness in the Sophomore and Junior years) of Skidmore students regarding post-graduate opportunities such as graduate or professional school, as well as fellowship opportunities available to help support such continued study.

Administrative responsibility: Dean of Student Affairs and Dean of the Faculty in collaboration with the VPAA.

In progress: [Multi-year initiative] We are now in the second year of a Mellon grant that involves 10 events (5 per semester) hosted by academic departments that bring faculty, alumni, and current students together on campus to discuss the career opportunities available to graduates from the department. The grant also supports publication of departmental booklets profiling alumni and careers. The Mellon Fellow currently working on this project will be on sabbatical next year; we will name a new fellow in the coming months.

Ø *Take better advantage of the resources and capacity for innovation in the Office of the Dean of Special Programs (ODSP) to support the relevant initiatives identified under this Goal (and others, as appropriate).*

26. Build new administrative structures to enhance coordination between the Office of the Dean of Special Programs and the Office of the Dean of the Faculty.

Through regular meetings with the Dean of the Faculty and Dean of Special Programs, discussions at Vice President for Academic Affairs' Senior Staff of current and future initiatives of both offices, enhance the working relationship between these two offices as facilitated by the new administrative structure. If possible, develop one new, jointly sponsored venture as a pilot program (building off the success of McCormack residency).

Administrative responsibility: Dean of Special Programs.

28. Increase financial support for Special Programs.

Raise \$3-5M of \$10M Campaign goal for Special Programs.

Administrative Responsibility: Vice President for Advancement in collaboration with the Dean of Special Programs.

***In progress:** Campaign priorities currently being refined.

29. Develop more systematic and effective connections between Office of the Dean of Special Programs and the Office of Admissions.

Establish Admissions/Office of the Dean of Special Programs steering committee to meet regularly to develop opportunities for engagement between Admissions and Special Programs.

Administrative responsibility: Dean of Admissions and Financial Aid and the Dean of Special Programs.

***In progress:** A newly established position in ODSP has been assigned responsibility for this arena. Regular communication continues between Admissions Liaison and Special Programs Office regarding upcoming programs and collaboration.

Goal II – Intercultural and Global Understanding

We will challenge every Skidmore student to develop the intercultural understanding and global awareness necessary to thrive in the complex and increasingly interconnected world of the 21st Century.

Projects/Action Steps

Ø *Increase global awareness across the community in order to sensitize all Skidmore students to a complex, diverse, and interdependent world.*

30. Develop and implement a plan for regular and thorough evaluation of Skidmore Programs and Skidmore-Approved Programs for study abroad; develop advising tools and communication capacities as required to support the new study-abroad structure.

Work with the Advisory Committee on International Study (ACIS) to develop guidelines and a schedule for regular site visits to overseas programs. Develop meaningful ways to disseminate information regarding Approved Programs and home school fees to ensure that faculty and staff are able to work effectively with students who are interested in study abroad. Continue to work with faculty to address department-specific and program-specific needs regarding curriculum integration with overseas programs. Achieve greater balance in enrollments over the semesters.

Administrative responsibility: Dean of the Faculty, Director of International Programs, and the Dean of Special Programs.

Ø *Enhance the diversity of our student population while providing the resources necessary to support all of our students in meeting our educational objectives.*

33. Build upon the progress of the previous year (04-05) toward increasing the percentage of students of color within the Skidmore population.

Increase the annual HEOP/AOP entering class from the previous norm of 25 students and the '04-05 total of 34 new students to 40 new students for Fall 2005 (**achieved**) and maintain that level in the future. Provide necessary programmatic support within HEOP/AOP to accommodate the additional students.

***In progress:** [Multi-year initiative] A phon-a-thon for faculty of color to contact accepted students of color was added this April to other ongoing yield initiatives by the Admissions and HEOP/AOP Offices. Five faculty contacted 101 accepted students of color. Faculty presence in Discovery Weekend was increased. Past emphasis on diversity in recruitment from Admissions staff continued.
Results: First-year class entering F06 includes 20% students of color.

Specific initiatives include

(Launching the Kettering-AOP partnership.

trends, with emphasis on targeting growth in multicultural populations.

In progress.

Administrative responsibility: Dean of Admissions and Financial Aid and the Dean of Student Affairs.

34. Increase the College's resources for need-based student aid.

Raise \$5M to support student opportunity programs (financial aid and operating funds) and \$10M of \$40M Campaign goal for student aid.

Administrative responsibility: Vice President for Advancement.

***Achieved: \$6.6M raised; \$13.5M in progress; \$5M planned.**

35. Enhance the effectiveness of the Office of Multicultural Student Affairs.

Complete the hire of a new Director of the Office of Multicultural Student Affairs (MSA). In preparation for doing so, assess the past effectiveness of the Office of MSA as a basis for determining what changes in mission, staffing, or title (if any) are indicated for the future. Ensure that the position is adequately defined and placed at an appropriate level so as to attract the strongest possible candidate pool. Mentor the new Director and, in so doing, support effective collaboration between this office and the new Director of Culture-Centered Inquiry, as well as with the Office of the Dean of the Faculty.

Administrative responsibility: Dean of Student Affairs in collaboration with the Dean of the Faculty.

***Initiative:** [Multi-year initiative] We have hosted colleagues from Mount Holyoke, Study Circles Resource Center, and Project Democracy to consider changes in the MSA office mission and program. Search is in process, in coordination with the search for a Director of Culture-Centered Inquiry in Academic Affairs. We are prepared to defer the search for a year, if necessary to make the right hire.

Ø Enhance the diversity of our faculty and other employee populations and enhance their skills that relate to achieving this Goal.

36. Continue efforts to recruit, attract, and retain candidates for faculty positions who enhance the diversity of the faculty.

Continue work with department chairs and program directors to ensure that ads for positions are written so as to attract the broadest possible applicant pool. Where feasible, explore interdisciplinary position descriptions to expand candidate pools; signal special interest in candidates experienced in and committed to working with students from underserved populations. Ensure that chairs, directors, and colleagues are working in advance to establish and solidify professional networks to help attract broadly diverse applicant pools. Ensure that offers of compensation are competitive. In selected instances and for compelling reasons relating to the needs of the

chair, whether any given hiring pool is sufficiently strong (considering all relevant factors) to advance the search at any given stage (e.g., from compiling applications to inviting candidates to campus or from campus interviews to making an offer).

Administrative responsibility: Dean of the Faculty in collaboration with the Vice President for Academic Affairs.

***In progress:** [Multi-year initiative] Department Chairs have met to share progress and strategies for increasing diversity of pools in searches; DOF monitored the diversity of pools for all candidates invited for on-campus interviews. Four of eight successful hires in 05-06 are members of underrepresented groups.

37. Continue efforts to recruit, attract, and retain candidates for administrative positions who enhance the diversity of the campus community.

The Assistant Director for Equal Employment Opportunity and Workforce Diversity will work with senior administrators and directors to ensure that ads for positions are written so as to attract the broadest possible applicant pool. Senior administrators will be responsible for ensuring that heads of hiring units work in advance to establish and solidify professional networks to help attract broadly diverse applicant pools. Ensure that offers of compensation are competitive. Empower the Cabinet officer responsible for a hiring unit to close a search that has not developed an appropriately diverse applicant pool.

Administrative responsibility: President in collaboration with members of the President's Cabinet and hiring units.

***In progress:** [Multi-year initiative] Search for Assistant Director for Equal Employment Opportunity and Workforce Diversity completed.

Goal III – Informed, Responsible Citizenship

We will prepare every Skidmore student to make the choices required of an informed, responsible citizen at home and in the world.

Projects/Action Steps

Ø ***Foster pedagogical innovation relating to responsible citizenship; support campus initiatives that teach and exemplify this value.***

38. Encourage pedagogical innovation relating to responsible citizenship.

Create opportunities for faculty members to develop new ways to interrogate the concept of responsible citizenship within courses and enhance curricula in ways that encourage our students to engage this value actively (e.g., the SENCER project in the sciences). In a parallel effort, develop creative ways for faculty members to fulfill their service responsibilities by working with students and student groups in co-curricular settings to foster responsible citizenship – both on and off campus.

Administrative responsibility: Dean of the Faculty in collaboration with the Dean

of Student Affairs.

***In progress:** [Multi-year initiative] DOF sponsored SENCER pedagogy workshop with invited faculty leader from Hamilton College; approximately 35 faculty members attended. Following several meetings with Dean of the Faculty, Dean of Special Programs, and the Mellon Fellows, we have agreed on the use of some private funding to strengthen and coordinate these efforts in the Office of the DOS next year.

40. Ensure the alignment of institutional expectations of faculty with the system of faculty review and reward.

Administrative responsibility: Vice President for Academic Affairs.

***In progress:** [Multi-year initiative) Interim VPAA will continue working with CAPT on new *Handbook* language.

41. Place additional emphasis on citizenship in the Admissions process.

Review admissions materials to determine if the value of responsible citizenship receives sufficient attention. Highlight community service in presentations to prospective students. Determine whether to add a question to the application supplement asking applicants to reflect on community and citizenship. Continue assigning both IQR and CQR to applicants. Track the effects of these changes in yield, in the nature of the matriculant pool, and in the subsequent performance of matriculated students.

Administrative responsibility: Dean of Admissions and Financial Aid in collaboration with the VPAA.

In progress: Question added to this year's application asking applicants to reflect on ways in which they would contribute as citizens to the Skidmore community; as applicants are evaluated judgment of "strength of character" is included in admissions rating.
